

Delhi Public School Megacity

[An ISO 9001:2015 & 14001:2015 Certified School]

Education is the
KEY to Success

DPS Megacity

THE **FIRST STEPS...**

1949 was a defining year for the history of education in India. **Dr. S Radhakrishnan** laid the foundation stone for the first **DPS at Mathura Road, New Delhi.**

From that modest beginning at Mathura Road in New Delhi, DPS has created a niche in developing standards and systems in growth of education which address the ever changing academic needs and redefine objectives. With 207 schools in India and abroad, DPS lends a cutting edge to the aspirations of progressive learners.

B. K. CHATURVEDI

Chairman, DPS Society

I am glad that DPS Mega City, Kolkata is releasing its new prospectus. The school has completed around 20 years and achieved success in every field.

I am sure the prospectus will highlight all amenities and achievements of the school

in such a way that parents will be inspired and understand the quality of the education and extracurricular activities being provided by DPS Megacity.

My Good Wishes to the school on this occasion.

V. K. SHUNGLU

Honourable Vice Chairman, DPS Society

I extend my sincere greetings and best wishes to the team of DPS Megacity. May this institution successfully continue in its journey, that would decide and delineate the fabric of the future.

Good Luck!

VIJAY AGARWAL

Pro-Vice Chairman

DPS Megacity, Kolkata has successfully completed 20 years as an established institution. Our endeavour has been to create not only a school which deals with academics but a holistic seat of learning where every student is groomed to be a responsible and a creative individual. I am proud to declare that all my staff members and other members of the management body have worked hand in hand to reach the level of success we have achieved today. The Board results, National Level toppers and

the winning of the prestigious award from TTIS for Academic Excellence, Co-curricular Excellence, Maintenance and Ecofriendly initiatives of our school bear testimony to the fact that a cohesive and thoughtfully planned strategy has worked in favour of building a strong institution.

I look forward to many more years of such glory and convey my thanks to one and all who have been supportive in my endeavour for the betterment of DPS Megacity.

ANUJ AGARWAL

Director DPS Megacity, Kolkata

WELCOME TO DPS MEGACITY

The strength of the developed world today is in its excellence in academics and the resultant creativity. Pursuit and relentless search for excellence are our objectives, This actually means adherence to high standards set for DPS Schools: trained teachers for uniform skills; detailed planned syllabus and

co-curricular activities with active participation by all students leading to their all-round development. With DPS MEGACITY we have attempted to build a school that will provide an education that remains after classroom teaching is erased from our minds.

Good luck and God bless!

TILOTTAMA MALLIK

Vice Principal, Head of the School

"Education is the manifestation of the perfection already in man."

By-Swami Vivekanand

Children are storehouses of capacities. The job of an educator is to explore this world of theirs and bring in the best in every child. My journey as an educator over two and a half decades has been a commitment to develop their inherent capacities and at the same time inculcate values that eventually guides them towards building a harmonious world of peace and happiness.

Since its inception, Delhi Public School Megacity, Kolkata has endeavoured to transcend learning beyond boundaries. We are devoted to set standards in helping the children to grow into strong, matured, kind and intelligent adults, who can dream and become competent to achieve those dreams.

Keeping in mind that education is holistic, our well-designed curriculum encompasses

academics, co-curricular activities, sports education and life-skills learning. The campus, sports and academic facilities all bear testimony to this belief. As we venture ahead we provide value-based education and our objective is to strike a balance between state-of-the-art- infrastructure and a robust curriculum that opens the door to global platforms for our enthusiastic and adept learners. Activities and events related to value education, environment, health education, games and sports, visual and performing arts, culture and heritage, personality development are effectively woven into the main fabric of school curriculum and our children thrive in this environment.

We believe "A strong value system builds a nation "and nation is all about the generation next who should be ready to pick up the gauntlet of progress and development of our nation .So to nurture their young minds and provide them with a congenial environment is what we at DPS Megacity , Kolkata commit to strive at relentlessly.

ANIRBAN ROY

Headmaster Middle & Senior School.

The beauty of education lies in its indomitable and eternal essence. It is like a river. Nothing, absolutely nothing can obstruct its natural flow. The last two years, under the shadow of the pandemic, has proved it so endearingly. DPS MEGACITY, KOLKATA has played such a defining part in this realisation. The school has emerged stronger, more resilient, resolved and accomplished than ever. Under the patronage of our dynamic management and the visionary leadership of our Principal, Mrs Indrani Sanyal, we have had consistent glory in academics, cocurricular and even at national and international competitions. We are there, as the very best of qualitative,

competitive and multifaceted educational institutions of the country and in the years to come we are only to going to get even better and stronger. Our students are doing us proud in every regional, national and international forum and there is immeasurable zeal and infinite passion in each and every one of our students and teachers to transcend all barriers and take the school to a realm of unprecedented excellence and accomplishments. With the trust and support of our esteemed guardians, we are well on our way to become an exemplary educational institution of unmatched quality.

JUDE BAPTIST

Junior School Headmaster

One of the most important decisions that any family makes is the school it chooses for their child's education. At DPS Megacity we believe that we offer the very best of teaching and learning that has been specially tailored to meet the needs of the young people. By choosing DPS Megacity you are selecting a

school that is committed to ensure that your children meet their full potential. Our goal is to challenge your child academically, make them grow socially and emotionally, and guide them towards independent thinking and problem solving.

CAROL ANTHONY

Pre-Primary Headmistress

At DPS Megacity we recognize that each child develops at one's own pace and in one's own way physically, intellectually, socially and emotionally. Children are born ready to learn and are interested in the world around them. The importance of the early years is

now well known as it is during these years that there is a rapid growth and development. Thus it is our endeavour to create a learning environment which is evolved through an integrated teaching approach to ensure holistic development of children.

DPS MEGACITY VALUES

Building brotherhood

Secularism is a way of life at DPS Megacity. Every festival is celebrated in the school where all children are encouraged to actively participate.

Progressive human values like non-violence and unity in diversity are taught to the young learners.

Teaching your child to contribute

Children are involved in active social work like environmental projects; each one teach one; visit to old age homes; visit to cancer homes, among others. DPS Megacity is a school with traditional values sharpened to meet global challenges.

Building responsibility

A sense of responsibility is built amongst students with the creation of Students' Council. Older students even assume teaching responsibilities on special days.

Various training programmes on leadership and child empowerment are conducted.

Expert guidance

At DPS Megacity, we recognize the importance of love and guidance in a student's life. In view of this, we have engaged external experts who not only possess a command of the disciplines but also the means through which stray student interest can be transformed into passion. For example DPS has the highest number of AITA certified tennis trainers among all schools in Kolkata.

This is reflected in student performance where they secure prominent ranks in inter DPS tournaments and have won trophies for disciplines like inter-DPS swimming competition, inter-DPS tennis championship, inter-DPS English programme and inter-DPS basketball competition.

Inculcating self-belief in your child

The key emphasis is on developing individuality, provoking curiosity and instilling positive values. The lessons are scientifically and creatively planned. Various programmes are carried out in collaboration with renowned organisation to inculcate self-belief and confidence in children.

Selecting the right teacher

DPS Megacity is very particular regarding the recruitment of teachers. Only trained and experienced professionals who are capable and qualified for the process approved by the DPS Society are recruited.

DPS Megacity teachers are multi-faceted personalities. Their primary role is to act as facilitators to build future citizens. They possess progressive values, and an ability to look beyond.

Ensuring teachers give their best

Teacher training workshops and regular ICSE Council workshops, expose teachers to liberal ideas, and give them access to progressive change in every day learning for the wholesome growth of the student as well as the institution. Regular Inter-DPS in house teachers' programme helps the teachers to grow.

Our teachers are sensitive and cater to the individual needs of the students. The teachers not only ensure academic excellence but also counsel the students from time to time to develop their personality and to discover their latent talents.

Teacher mentors

DPS Megacity follows a system of mentors who endeavour to make every teacher reach excellence and perfection in their initiative. The mentor is a vital co-ordinator for the smooth functioning of various departments and the school as a whole. The emphasis is on how well the teachers and administrators of the school can work as a team to groom the citizens of tomorrow.

Sports coaches

Professionally trained coaches provide organized coaching and sports training for swimming, shooting, cricket, football, tennis and basketball. Physical Education is offered as a subject at secondary level. We have tied up with professional club too for the further growth and exposure to international & national level.

TAKING PARENTS INTO CONFIDENCE

Making parents feel a part of the DPS Megacity family

Parent-teacher interactions are frequently held throughout the year. Parents are made to feel a part of the DPS Megacity family and are even involved in special workshops.

At DPS Megacity it is very important for parents to come forward and assist the school in grooming the child. The parents and the school together, in complete harmony and synergy, enhance the growth of the child.

- Parent Teacher Meetings are conducted on regular basis where parents can talk about the progress of their children. Such meetings also help the parents and teachers to understand each other better and work together towards their common goal to foster overall development of the children.
- Open House is held where parents and students can air their views on various points concerning the School and education.
- Workshops are held for parents of newly admitted students, so they get to know the education procedure followed by the school and help understanding the needs of the students.
- Counselling of Parents offer guidance to parents to increase their awareness of possible career choices in an increasingly complex and confusing world.
- Parents' Participation - Parents are as much a part of the teaching-learning process as the teachers. The school encourages a healthy ongoing teacher-pupil-parent interaction. Participation and presence of parents is encouraged at DPS Megacity.
- Positive Behaviour Management - A systematic counselling based discipline system to inculcate self discipline in each student is practised by all teachers at DPS Megacity. Rewards and behaviour cards are used instead of conventional punishment to modify behaviour and guide students.

COUNSELLING SESSION

WORKSHOPS & TRAINING PROGRAMMES

- New teachers' orientation - Programmes are conducted for teachers addressing various issues that make teaching a noble profession and how a teacher has to integrate her role in a progressive school.
- Effective class management - Setting classroom rules, proactive and retrospective disciplining strategies, age appropriate control tactics etc. for the teachers teaching in the junior school. Dealing with difficult behaviour in the classroom, understanding symptoms and dealing with it promptly.
- Skill based teaching through play way methods - Workshops have helped pre-primary level teachers to understand how the play way methods with an integrated holistic programme in tandem with NEP used in classrooms can train children on basic skills that make them capable learners in junior school.
- Building a professional environment at the workplace - Through stimulation exercises and team building principles, a lot of real life situations are discussed that spoil the working environment and mentor teachers are guided to work with the organizational vision and mission as their guiding lamp.
- Leadership potential building in Mentors - Training catered to areas using Johari window introspective exercise, to identify interaction style and insight in building a team.
- Positive Discipline - With video clips real classroom situations and basic principles of teaching students self-control are shown to the teachers of the secondary section of the school.
- Council Workshop Training
- Workshop Conducted by DPS Society
- Career Counselling Workshops
- Several resource person's visits take place regularly.

ACTIVITY BASED CLASS TEACHING

PRE-PRIMARY SCHOOL NURSERY TO CLASS I

Bright Classrooms and Caring Teachers

The classrooms are bright and cheerful catching the brightest rays of the sun. The teachers are loving and caring and implement a happy blend of Montessori and traditional teaching approach.

Teaching Pedagogy

School is a special place for children to discover the world around them. At the pre-primary level children are led to discover and explore their environment through an integrated approach involving play, project method and activity method.

Exploration, investigation and discovery is done through guided play involving sand play, water play, home corner, talk box, books, nature activities, music instruments etc. leading to physical, social, mental and emotional development.

To further enhance their physical development the school is equipped with a huge field, children's playground with swings, slides and see saws, indoor playroom stocked with toys, puzzles, blocks, play dough etc. and an audio-visual room to watch educational films.

Evaluation

Students do not have to go through examinations as we believe in a stress free and an examination free system at the pre primary level.

Under the able guidance of skilled teachers students go through stress free continuous assessments.

Uniform

(Colour - Specific for each level)

(Monday to Friday)
(Timing is subject to change)

ACTIVITY BASED TEACHING

PRIMARY SCHOOL CLASSES II-V

Teaching Pedagogy

The students are encouraged to explore and ask questions on a journey of self discovery. Concept retention is enhanced by use of graphics, visual aids, charts, diagrams, globe, models and by every day encouragement to read, quiz, ask and explore.

The teacher is only the facilitator in the process of learning. Each child is different and has the right to learn in his or her way is the top most priority in the minds of the facilitators. Keeping this in mind a complete research is done on every topic that forms a part of the curriculum of the school.

Examinations

From class II onwards, we introduce a system of class assesment; slowly acclimatising students to write examinations. Projects based creative learning is encouraged.

Subjects

English • Bengali • Hindi • Mathematics • Environmental Studies • Social Studies • General Knowledge and Value Education • 3rd Language (German)

All round development of your child

Learning is extended into co-curricular activities like art, craft, dance, music, martial arts and yoga. Students are encouraged to play a number of sports.

(Monday to Friday)
(Timing is subject to change)

AWAKENING PATRIOTISM

MIDDLE SCHOOL CLASSES VI - VIII

Teaching Pedagogy

Teachers use audio visual aids through smart classes to make teaching and learning an interactive process. Key emphasis is on demonstrating to children, involving them to explore, experiment and assimilate concepts with practical applications. Language skills, computation skills, and comprehension skills are nurtured.

Personality Development

Vital areas focussed here are developing skills like motivation, discipline, target setting and goal achieving. Confidence and potential are developed through one to one counselling, group working and role modelling.

Fun Activities

At DPS Megacity, we encourage reading sessions with age-appropriate activities designed to enhance reading for children in classes Nursery to 3. Reading aloud and enactments develop strong vocabulary and ignite the imagination in children, to further hone their skills and create a nation of 'smart readers'

INFRASTRUCTURE

Facilities to bring out the best in your child

DPS Megacity is one of the largest schools in Kolkata, with a built-up area of 3,60,000 sq. ft., elegant and spacious architecture, 14.5 acres of lush landscaped gardens and a comfortable green : concrete ratio of 4:1.

The entire campus is earthquake and fire resistant. Smoke detectors and fire extinguishers are placed strategically. For absolute safety the electric sub-station is placed more than 100m from the school building.

- CCTV cameras and high mounted surveillance protect the school and the children 24 hours, 365 days.
- Sprawling gardens, playgrounds, tennis court and swimming pool.

Library

- A state-of-the-art shooting alley providing students with an aim in life.
- 9500 sq. ft. library with internet access and an impressive collection of books.
- Spacious ventilated classrooms equipped with **television, DVD player, public address system, class libraries** and **lockers**. Junior classrooms have nature corner where students can sow seeds to watch their own plant grow.

Multimedia & Smart Class

- Music room with eastern and western musical instruments.
- Art and craft room with comfortable low desks and seating arrangements for clay modelling, glass painting, craft and painting.
- Dance room with circular wooden floor, and acoustic support and expert guidance for performing arts.

- 3 multi-media rooms with more than 110 computers ensure that each child has an individual computer.
- 450-seater audio-visual room with screen, projector and acoustic support is the venue for seminars, lectures and functions and for viewing educational films.
- Two air conditioned examination halls of capacity around 600 have been constructed specially for ICSE and ISC examinations. They are used for various academic and co-curricular activities.
- Laboratories with modern teaching aids and apparatus for physics, chemistry, biology, maths and social sciences.
- Language laboratory equipped with online data and voice interpretation system and audio and visual aids to teach students foreign languages on a one to one basis.
- Student counselling centre to give students emotional and psychological support and to eliminate stress. Private sessions are held for students and parents. Complete security, privacy and a comfortable ambience is maintained.
- Stationery room to meet all books and stationery requirements of students.

Lab Classes

- Separate infirmaries for boys and girls under the supervision of qualified nurses to handle emergencies. Regular health check-ups are also held in this medical room.
- 1100-seater amphitheater provides a rich platform for dramatics and music recitals.
- Seminar and lecture halls
- Covered waiting area for parents
- Spick and span canteen with a choice of fresh and hygienic food.
- Children's Park
- Tennis Court
- Bus Bay

- Swimming Pool
- AV Room
- Computer Lab
- Multi-media Lab
- Basketball Court
- Play Field

DPS Megacity today stands proud in its glory and splendour with a continuous stream of students entering the most prestigious institutions of the country and the world, the IIT, IIM, IISc, Oxford and Harvard.

The fountainhead of education, aesthetics and sports, DPS Megacity has nurtured the students with utmost care to grow as confident individuals ready to embrace all challenges and carve a niche for themselves. The alumnus of our school are in premiere universities in India and abroad namely IIM Ahmedabad, IIM Kolkata, IIT Kharagpur, BITS Pilani, Kings College London, Stanford University, Queen Mary University of London, University of Greenwich, Sciences PO Paris, University of Waterloo, College, Jadavpur University, to name a few. Along with numerous accolades, an ex-student has been the proud recipient of Rhodes Scholarship and another has embarked in Harvard Law School with full scholarship. Many students have also taken admission in state-of-the-art new age universities like Ashoka University, Krea University, Bennett University, Flame University, I Lead University, Manipal University of Technology, Vellore Institute of Technology. A plethora of students are successfully pursuing Medicine and Surgery, Business Analytics, Finance, Banking, Law, Music, Arts, Film Making and entrepreneurship. The seeds which were sown in DPS Megacity with participation in myriad co-curricular and academic competitions with the immense encouragement of the management and teachers developed their prowess in communication and organisational skills. We are sure that these promising students will again be the future entrepreneurs and corporate leaders and leave a legacy behind for the young students to emulate.
